GENERAL INFORMATION

NOTE: When an emergency arises, **do not dial 9-1-1!** The emergency center screen would not show information necessary for response. The 9-1-1 Office and the Memphis Fire Department request that all emergency calls be routed through The University of Memphis Public Safety Office dispatcher. The dispatcher will immediately create a conference call with the necessary emergency agency. Public Safety will have the caller's location displayed. This procedure ensures emergency aid routing to the correct location.

IMPORTANT NOTICE REGARDING DIRECTORY INFORMATION

The following information has been designated "Directory Information" by University officials: name of student, address, telephone number, date and place of birth, academic major, dates of attendance, degree(s) awarded and the most recent previous educational institution attended by the student. This information will be released upon request to interested parties unless the student has provided a signed statement to the Records Office, 115 Administration Building, within 14 days of the beginning of classes each semester requesting that such information not be released.

CLASS CANCELLATION & INCLEMENT WEATHER POLICY

In the event that inclement weather requires the cancellation of Memphis State University classes and/or campus activities, local radio and television news media will be immediately notified for dissemination as they deem appropriate. Such closing decisions will also be given to University vice presidents for dissemination through the notification system in place for each University division. Cancellations will not apply to administrative offices. Each faculty and staff member and each student is expected to recognize that inclement weather creates conditions more dangerous than normal. Therefore, each person is expected to exercise a high degree of care to avoid accidents. All non-teaching employees who do not report to work during inclement weather will be considered in an annual leave or leave without pay status for the period of their absence. TELECOMMUNICATIONS SERVICES

CELLULAR TELEPHONES

The University of Memphis receives a volume discount on cellular telephone hardware and airtime. Students, faculty and staff members can contact Telecommunications for details and prevailing rates.

FACSIMILE

The Telecommunications Office is equipped to transmit and receive facsimile documents to any point with facsimile capabilities. This service is available to a student, faculty/staff member, department, organization or agency with a University account number. Facsimile rates can be obtained from the Telecommunications Office. There is no charge for business-related incoming messages. Incoming facsimile documents can be received 24 hours a day. The telephone number for receiving facsimiles is 678-FAXX (678-3299).

SYSTEM FEATURES

Basic and Deluxe feature packages consisting of Automatic Callback, Call Hold, Call Waiting, Call Transfer, Conference Call (3-party only) and Speed Dialing are offered to residence students for added convenience and flexibility to meet their communications needs. Students must make application for service at the Telecommunications Office. Faculty and staff telephones are automatically equipped with the Deluxe package.

TELECONFERENCE OR CONFERENCE CALLING

Any person, group or department may hold a telephone conference call for up to six (6) parties. Only one of these parties must be a campus station. To establish a conference call for more than three (3) parties, call the campus operator for assistance. A portable teleconference telephone is available for persons, groups or departments that would like to take part in a teleconference. This telephone is designed to allow large groups to participate in discussions with remote locations. Groups do not have to be part of the main campus to take advantage of this service.

VIDEO SERVICES

Twenty-six cable television channels are availabe to any campus subscriber. A cable hook-up jack is needed, and some subscribers need converter boxes for their televisions. Several closed-circuit television channels are maintained to present information of specific interest to The U of M community. Telecasts transmitted by industry groups and by other universities can also be received. Contact Telecommunications for further information.

USER GUIDES

Telecommunications has developed user guides for equipment and services offered by the department. Each station user should have a copy of the guide that is appropriate for his or her telephone. Faculty and staff should check with their departments for the names of their Communications Counselors. These people serve as extensions of the Telecommunications Office in meeting the needs of the user community. Each Communications Counselor has copies of all user guides and can answer most routine questions. Students can pick up user guides at the Telecommunications Office.

ASSISTANCE

The Telecommunications Office staff is available to assist individuals, groups or departments with all of their telecommunications needs. End-user departmental training, departmental analysis and design, and special services can be arranged through the department. Call us with any questions, concerns or problems.

TIGERLINE LONG DISTANCE SERVICE

Long distance service is offered by The U of M Telecommunications Department. Called "Tigerline," this service is available to any administrative/faculty person for official University business. Users may establish a separate account for personal use. Residence hall students may also subscribe to the service. Application should be made at the Telecommunications Office in Jones Hall, room 101.

User Class	**Application**
Administrative (UOM Account)	Telecommunications Work Order Request
Faculty/Staff (Personal)	Application for Tigerline Long Distance Service — Faculty/Staff Account
User Class	**Application**
Residence Hall Student	Application for Tigerline Long Distance Service — Residence Student Account

PLEASE NOTE: Cardholders are responsible for all calls charged to their code numbers. Users must notify the Telecommunications Office **immediately** if their cards are lost or stolen. Any billing discrepancies should be reported to the Telecommunications Office within 10 days of invoice date.

RATES

Tigerline rates are based on the cost of service and are considerably lower than alternative long distance services. A $50 deposit may be required for student accounts. There is no minimum usage charge and no financial limitation on calling ability, but the user will be asked to make a payment in the case of excessive calls.

CALL BILLING

Billing for domestic and international long distance calls begins as soon as the called party answers. If you dial a wrong number or receive a bad connection, hang up immediately to avoid a possible charge. Calls to some international locations begin billing after 72 seconds. Charges may also be assessed for long ringing periods with no answer.

TIGERLINE LONG DISTANCE SERVICE *(continued)*

The telephone system must receive a positive release signal to terminate billing of each call. When consecutive calls are made, take appropriate action to insure that the first call is properly terminated for billing purposes. To terminate calls using standard desk sets or residence lines, hang up for at least 5 seconds. Billing adjustments will not be made for improperly terminated calls.

ACCOUNT BILLING, PAYMENTS AND ADJUSTMENTS

Administrative Accounts — Departments/Agencies are provided a detailed report of all local and long distance usage charges and telecommunications work order charges incurred each month. Billing adjustments to administrative accounts will not be made after the date indicated on the invoice. Any discrepancies must be reported to the Telecommunications Office in writing.

All other accounts — A monthly invoice will be rendered to each user with all long distance charges itemized. These invoices are due upon receipt and are considered delinquent after 15 days of invoice date. Checks should be made payable to Memphis State University. Payments are to be made at the Bursar's Office before the delinquent date. If payments are not shown posted by the delinquent date, the authorization code will be deactivated until payment is received. A $15 reactivation fee will be charged to restore long distance service.

Any discrepancies or concerns should be discussed in person with Telecommunications Office personnel in Jones Hall, room 101. No discussion of accounts will be handled over the telephone.

TERMINATING SERVICE

Administrative Accounts — To deactivate an authorization code, submit a Work Order Request form to the Telecommunications Office and attach the user's Tigerline Card.

Faculty/Staff Accounts — Provide written notice to the Telecommunications Office requesting the effective date of termination of service. Complete final paperwork in person at the Telecommunications Office. ALL CHARGES MUST BE PAID PRIOR TO DEPARTING FROM THE UNIVERSITY.

Student Accounts — Students must come to the Telecommunications Office in person to terminate service. Applicable deposits will be refunded by the Bursar's Office upon termination of service providing there is no outstanding balance. If there is a balance due, the deposit will be used to pay the bill. Any remaining deposit will then be refunded.

An additional payment may be required if the deposit does not cover the balance due. If students do not pay, any deposits held by the University (i.e., dormitory reservation, breakage fees, etc.) will be applied to the outstanding bill. As in the case of all other financial obligations to the University, non-payment will result in withholding of registration materials, diploma and/or transcripts.
